

SUMMERS COUNTY BOARD OF EDUCATION POLICY

ADOPTED: August 22, 1985 Code: VI-F-2

REFERENCE: Minute Book #14 Page: 1 of 1

STUDENT INSURANCE FOR ATHLETIC PARTICIPATION

It shall be the policy of the Summers County Board of Education that all students participating in Board sponsored, or school sponsored, athletics, whether cheerleaders or athletes, have insurance coverage.

Any parent wishing to purchase school insurance for these students may do so. Any parent having the student covered by other insurance carrier(s), and not wishing to purchase school insurance, will signify by signing a form, supplied by the school, stating that the student is covered for the duration of the athletic season, and that the Board/School is not responsible for payment for injuries to the extent that such insurance should cover.

It shall be the parents responsibility to notify the school' of any change or cancellation of insurance coverage during the athletic season. Any such change will still require the student to be insured prior to any participation in practices or games.

NOTE: Any parent having their child insured by a carrier other than the school insurance, should make sure to check with the insurance company or agent to certify that the policy covers injury to the student while he/she is participating in the athletic event(s).
